

CALLING ALL PEOPLE LIVING WITH NEUROLOGICAL CONDITIONS IN UNITED KINGDOM

Who are we looking for?

Anyone who has been diagnosed with a neurological condition, lives in any nation of the **United Kingdom** and has received physiotherapy through any of these; **digital apps, video calls, phone calls, text messages, emails, WhatsApp, online sessions or websites**

Important information

This study has ethical approval from Robert Gordon University (SREC ref: SHS/25/04)

Participation is voluntary and your information is kept confidential and anonymous.

**For complaints: School Research Ethics
Committee (RGU) convenor -
SHREC@rgu.ac.uk**

What would happen if I took part in the study?

You would complete an online **survey** and share your experiences. Survey lasts approximately 15mins. After this, there is an optional **interview** session if you would like to participate and further discuss your experiences shared in the survey. Participants will receive a £25 Amazon voucher after the interview.

Interested in taking part?
