

Have you **worked with Huntington's Disease** patients and are you willing to talk about your experiences?

**...We want to hear from you!**

## **PARTICIPANTS NEEDED**

### **Why?**

This study is investigating **staff perspectives of working with anticipatory grief in Huntington's disease**, to **understand what the barriers may be**, if any, to staff supporting discourse in this area. Hopefully leading to further work in the future to support staff and subsequently, patients.

### **What?**

Participants will be asked to engage in an **online interview** lasting for roughly 60-90 minutes.

You will need access to a computer with MS Teams, a camera and a microphone

All data will be anonymised and your identity will remain **confidential**.

Providing your thoughts and opinions will not cause conflict with your workplace, UEA, or this research team.

### **How?**

If you are interested in taking part, please contact **[M.Gaborovic@uea.ac.uk](mailto:M.Gaborovic@uea.ac.uk)**

Research by Maja Gaborovic, Norwich Medical School.  
**Supervised by Dr Sarah Mason and Dr Amy Carroll.**

This study has been approved by the Faculty of Medicine and Health Sciences Ethics Committee at the University of East Anglia
